Python

Python compiler

As part of the toolkit a Python build environment will be installed at the following location:

```
cd ../esp32/idf-tools/python_env

ls
/idf5.1_py3.11_env
/idf5.2_py3.11_env
```

esptool.py

Esptool is installed as a component in:

```
../esp32/esp-idf/components/esptool_py/
```
